DETAILED ACTION

The amendment, filed on 7/2/03, under 37 CFR 1.312 has been entered.

In view of the papers, filed 7/2/03, it has been found that this nonprovisional application, as filed, through error and without deceptive intent, improperly set forth the inventorship, and accordingly, this application has been corrected in compliance with 37 CFR 1.48(a). The inventorship of this application has been changed by the addition of Jay K. Bass as an inventor. The TRANSMITTAL LETTER which details the attached documents, such as listing the oath from all actual inventors etc., is deemed to serve to satisfy the requirement under 37 CFR 1.48(a) for an actual request for inventorship change, although no separate document has been found in the submitted papers regarding said actual request.

The application will be forwarded to the Office of Initial Patent Examination (OIPE) for issuance of a corrected filing receipt, and correction of the file jacket and PTO PALM data to reflect the inventorship as corrected.

Papers related to this application may be submitted to Technical Center 1600 by facsimile transmission. Papers should be faxed to Technical Center 1600 via the PTO Fax Center located in Crystal Mall 1.
